

The students of Trabzon University are provided with all the facilities to establish associations or clubs and run them without any difficulty. The University has already prepared a directive including the guidelines of establishing new associations and operating them and passed it through the University Senate. All the student associations are bound with this directive to which they have to obey. Despite the lack of facilities at the moment, Trabzon university supports students to establish new clubs and associations. Currently the following clubs are active and they organize events for students.

- Arts Club
- Classroom Teacher Education Club
- Disabled Children's Education Club
- Literature Club
- Mathematics Club
- Physical Education and Sports Club
- Physics Club
- Pre-School Club
- Science Club
- Social Sciences Club
